Winter Olympics Extra Credit Assignment

Students should choose one of the Olympic events to view on T.V. or on the official Olympic website.

T.V.: Aired on NBC; local cable station KHNL, Channel 8.

Website: <http://www.torino2006.org/ENG/OlympicGames/home/index.html>

Students do not need to watch the entire event from beginning to end and every competitor. They may watch just one athlete or one team, in one heat, game, run, or etc. For example, the student may watch the US Bobsled Team in the preliminary run, which is approximately one (1) minute.

For the students to get a good perspective on the Olympics, it is advisable that they watch a variety of events; and watch a little each day, even if it is only 5 minutes.

Students should record the information regarding the events they watched in the chart below.

	Event Name	Athlete's Name or Team Members' Names	Country	Time/Score/Place	Medal
i.e.	Bobsled	US Bobsled Team: Suzie Queen; Fredricka Jackson; Josephine Pines; Jamie Jones	USA	:54 seconds	Gold
